

Equality Duty Information & Objectives

Date of publication: July 2021

*On 5 April 2011 the Public Sector Equality Duty (The Equality Duty) came into force in England, Scotland and Wales.
This duty replaces the existing race, disability and gender equality duties.*

Please note, that once the school is opened and the needs of the community are established, the Leadership Team, Staff & Trust will work together to secure the Equality Objectives and implement the strategic actions.

The 3 aims of the General Equality Duty are:

1. Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act - by removing or minimising disadvantages suffered by people due to their protected characteristics.
2. Advance equality of opportunity between people who share a protected characteristic and those who do not - by taking steps to meet the needs of people from protected groups where these are different from the needs of other people
3. Foster good relations between people who share a protected characteristic and those who do not - by encouraging people from protected groups to participate in public life, or in other activities where their participation is disproportionately low.

The nine protected characteristics/groups are:

- Age
- Disability
- Sex
- Gender reassignment
- Race
- Pregnancy and maternity
- Religion or belief
- Sexual orientation
- Marriage or Civil Partnership

Guiding Principles

In fulfilling our legal duties listed above, we will be guided by three essential principles:

- Every pupil should have opportunities to achieve the highest possible standards and the best possible qualifications for the next stages of their life and education.
- Every pupil should be helped to develop a sense of the personal and cultural identity that is confident and open to change, and that is receptive and respectful toward other identities.
- Every pupil should develop the knowledge, understanding and skills that they need in order to participate in Britain's multi-ethnic society and in the wider context of an interdependent world.

Summary of Context

Holne Chase Primary School is situated in Bletchley, Milton Keynes, South Buckinghamshire. The school officially opened in September 1952, and in December 2021 joined the Preston Hedge’s Academy Trust and benefits from collaboration and support from colleagues. Currently the school is reducing its numbers to become a single form entry school from a one and a half form entry school. This is due to the birth rates reducing in the area. Currently the school has 234 children on roll and by 2024 the schools roll will be 210.

Our establishment of our behaviour policy and strong value curriculum from the outset, has meant that behaviour and approaches to learning across the school are positive. All stakeholders are clear of the standards and expectations of behaviour.

The ethos of the school is ‘Fun, Creativity & Achievement,’ and as a staff, we strive to ensure that every pupil is provided with opportunities in all areas of the curriculum and that this is actively promoted through leaders, staff, and the Preston Hedges Academy Trust. In addition, and as a school, we have ensured that there are strong systems in place to deal with any issues raised from any stakeholder in relation to bullying, racial, homophobic, sexual harassment or any other prejudice incidents. All incidents are recorded and held by the Senior Leadership Team Staff detailing any actions taken in relation to the incident. Staff are trained on reporting procedures and any issues with specific pupils are mentioned in meetings for teaching and support staff. Finally, incidents are reported to the Trust via the Principal’s termly report so that all incidents can be discussed at the Trust committee meetings.

Our staff have worked closely with families to meet their needs and ensure that provision for SEN children is strong across the school. We have several children with EHC Care plans and staff work very closely with agencies, including the Mental Health Support Team, to support children with additional learning and emotional needs, so that the school is actively meeting their needs and diminishing any gap between groups of pupils, staff and other stakeholders.
