Learning a language at a young age helps children to grow in self-confidence and boosts their natural creativity. There is a fantastic window of opportunity during these precious years where children can absorb a language without even realising it!

In our clubs we limit the number of children to 16. Smaller groups mean more interaction which ensures faster progression.

At Kidslingo, we are dedicated to teaching Spanish through fun. We cover a wide variety of topics such as pets, life around town or the universe. We use stories, games, songs and drama to bring language to life.

We provide reward certificates, worksheets and a membership to our online language games platform that children can use from home at NO EXTRA COST.

Classes are £20.57/month payable via direct debit at the beginning of the month. Please note that you can cancel at any time.

I am here to help. If you have any questions, please email me at isabel.rd@kidslingo.co.uk

The classes are amazing! They do a wonderful job teaching my 3 children by engaging and challenging them all while having fun. They are super proud when they use the words/phrases outside the club. (Jessica G)
